

Premises Description for Bergi Church and Christian Centre

CHURCH PREMISES

The group of premises includes:

- Lobby
- Oratory with balcony
- Rooms for children and children to be baptized

Lobby and Entrance of the Church

The main entrance of the church is in the West with some steps. For people with special needs we offer a ramp.

As we enter the church, first we enter the lobby of about 48 m² size. This room will contain bookstore, with possibility for the board for announcements and for exhibition for pieces of art that creates the appropriate feeling before oratory.

The lobby will contain dressing room.

The entrance of the oratory is from the lobby and it is connected to the passage that leads to the congregation premises, and staircase leading to education center premises and oratory's balcony.

Oratory

The oratory is the main premise of the church; the premise contains altar, pulpit, and pews for the congregation, balcony for the choir and the organ.

The disposition of the oratory determines the whole church position towards four cardinal points: the altar is situated to east, the main entrance to west.

The oratory offers room for about 200 visitors, its size about 288m².

The oratory is connected to the premises designed for people doing ministry work: sacristy, congregation office and congregation house premises.

The altar part will contain stained glass window or window where the Cross that is situated outside the church can be seen. The altar table can be distant from the window, for the pastor in ministry to face the congregation

The oratory contains pulpit and balcony for choir and the organ.

Premises for children and children to be baptized

Behind the oratory, under the balcony two premises are designed for small children separated by a transparent wall. Parents with small children can remain there and to follow the service, not disturbing other congregation members. The transmission of services is provided there.

The premises are provided also for children to be baptized and people to be confirmed, as well as for new-weds before the wedding ceremony.

Size of the premises 11 m² and 14 m².

PREMISES FOR CHURCH MINISTRY PEOPLE

The group of premises includes:

- Sacristy
- Pastor's office
- Congregation's office
- Archive
- Lobby with exit to outdoors and oratory

Sacristy

The sacristy is traditionally designed near the altar of the oratory.

This room contains the attributes for Holy Communion. Pastor and other ministers can prepare for worship services here.

The size of the premise is about 8 m².

The room has an exit to the lobby that connects the sacristy to the congregation office and pastor's office, and a separate exit to the altar of the oratory.

Pastor's Office

Pastor's Office or study is provided for pastor's office hours and for work.

The size of the premise is about 13 m².

Near the Pastor's Office congregation's office and archive are situated; the lobby connects them to the sacristy, oratory and outdoors.

Congregation Office

It is possible for the congregation President and other Board members to receive visitors; congregation secretary, cashier, accountant can work there. It is possible to call Board meetings of 5 members in this premise.

The size of the premise is about 20 m².

Near the Congregation office pastor's office and archive are designed; the lobby connects them to the sacristy, oratory and outdoors.

Archive Room

The archive room is designed near congregation office. The entrance in the archive is designed only from congregation office.

The archive is without windows and it is designed for congregation archive. The size of the room is about 9 m².

Toilets

The group of premises designed for church ministers contains one toilet.

CHRISTIAN EDUCATION CENTER

The group of premises contains:

- Classrooms
- Resource room/library
- Passage
- Toilets

Classrooms

Classrooms are designed on the first floor of the church complex, the entrance in the classrooms provided from the passage that connects the premises of the education center. It is possible to get to the first floor by staircase or elevator.

Sizes of classrooms: 44 m² and 48 m². Every classroom is designed for about 25 children. It is possible to connect the classrooms by sliding wall.

Classrooms are designed for Sunday school classes and for different interest group (e.g., creative workshops) classes; it is possible to use them as additional premises for bigger seminars.

Education Center Office – Resource Room

The room contains congregation library with collection of books and the necessary materials for Sunday school and group classes. The room contains technical equipment for Internet sources. Teachers use this room to prepare for their classes, making use of different sources: printed, Internet, etc.

The size of the premise is about 20 m².

Toilets

Toilets of the group of premises for education center are designed for boys and girls separately.

CONGREGATION MEETING HOUSE

The group of premises includes:

- Meeting hall/Chapel
- Kitchen Zone
- Hotel
- Store Rooms
- Passage
- Music equipment/youth apartment

Meeting Hall/Chapel

The meeting hall/chapel together with other congregation house premises is situated on the ground floor of the church complex. The entrance is provided from the passage that separates the congregation house from the oratory.

The total size of the hall is about 77 m². The hall is dividable in two separate rooms (34 m² and 43 m²) by transformable wall, forming a chapel and a hall.

The halls are designed for different greater congregation events, and for seminars, conferences, and lectures. The halls will be provided by additional premise articles for different cases, for events when people from other congregations are invited.

Kitchen

The meeting hall is followed by kitchen where it is possible to prepare a little amount of food, or to divide in portions ordered food for seminars and conferences with larger number of people.

The size of the kitchen is about 11 m²

Hotel

Hotel premises include two rooms for 2 persons each. They are designed for occasions when it is necessary to offer boarding for visitors: guest lecturers and other guests arrived from far-off places or abroad.

Or for emergency case, for congregation members or community members.

The sizes of the hotel premises are 17 m² un 12 m² . Both hotel premises have common toilets.

Music Equipment and Computer Room

The ground floor includes a premise designed mostly for young people. There could be the possibility to store music equipment, to practice. Also for additional computers. The premise would have good sound insulation.

The size of the premise is about 22 m² .

Toilets

The ground floor contains several toilets, including for people with special needs. It will contain showers, too.

HOUSEHOLD PREMISES

The group of premises includes:

- Store room for home articles
- Store room for gardening articles
- Room for heating

Store Room for Home Articles

The warehouse for home articles is designed for the storage of additional chairs, tables, etc. The size of the premise is about 6 m²

Store Room for Gardening Articles

A separate warehouse is designed for gardening articles, about 6 m².

Room for Heating

The room is designed at the external wall with a separate entrance. The room will contain heating equipment. Size about 8 m².

OUTDOORS

Belfries

There are 3 belfries designed for the church.

Improved Square for Outdoor Activities

Improved square for outdoor activities is provided in the church territory. The exit to the square is designed also from the congregation house.

Parking

The church territory includes parking for about 40 cars.
